

Water and Oil

from the collection Eveningland

An essential voice in American fiction, Michael Knight has been praised by writers such as Ann Patchett, Elizabeth Gilbert, and Barry Hannah. From the critically acclaimed collection *Eveningland*, “Water and Oil” explores the struggle of a young man torn between loyalty to the land where he grew up and love for the girl from the wrong side of the tracks.

After the devastation of the *Deepwater Horizon* oil spill, 17-year-old Henry Bragg volunteers with the Environmental Protection Agency to help clean up his father’s marina on the Mobile Bay. But when he meets cigarette-smoking pretty girl Dana Pint, Henry begins to wonder if he should pursue his carnal impulses instead.
